Re: MB Docket No. 03-15 – Request of WDJT-TV Limited Partnership (FCC Reg. No. 0009562349), Station WDJT-DT (Fac. ID No. 71427), Milwaukee, Wisconsin for Waiver of Replication/Maximization Interference Protection Deadline and Extension of STA (File No. BEDSTA20050428ACB)

Dear Sir or Madam

On behalf of WDJT-TV Limited Partnership (“WDJT”) (FCC Reg. No. 0009562349), permittee of station WDJT-DT (a CBS affiliate), Milwaukee, Wisconsin (Fac. ID No. 71427), and pursuant to the Commission’s *Public Notice*, DA 05-1636 (rel. June 15, 2005), it is requested that (1) the Commission waive the July 1, 2005 replication/maximization interference protection deadline for WDJT-DT for a period of six months; and (2) extend WDJT-DT’s current STA to operate with reduced power (most recently extended in File No. BEDSTA20050428ACB, and originally granted in File No. BDSTA20020226ADA) for a corresponding six-month period.

Enclosed with the hard copy of this request transmitted by Federal Express to the Commission’s Pittsburgh lockbox facility are an additional two copies of this request, an FCC Form 159 and a check in the amount of \$150 made payable to the Federal Communications Commission to cover the Commission filing fee for the STA extension portion of this request. **Please note also that an additional “Stamp and Return” copy of this request is enclosed in the Federal Express filing. It is requested that this copy be date-stamped by the Commission upon receipt and returned to the undersigned in the enclosed, self-addressed, postage pre-paid return envelope.**

The undersigned counsel is authorized as an agent of WDJT to certify, in accordance with 47 C.F.R. §1.2002, that neither the licensee nor any other party to this request is subject to a denial of federal benefits pursuant to 21 U.S.C. §862.

In support of this request, the following is stated: This request has been necessitated by circumstances beyond the control of WDJT. Specifically, although WDJT earlier contracted for timely delivery of the antenna to be used in building out the WDJT-DT facilities to meet the July 1, 2005 replication/maximization deadline, the antenna was not delivered as originally agreed and scheduled by the antenna manufacturer, Dielectric. WDJT has been informed by Dielectric that this delay was caused by unusually high demands placed on Dielectric's personnel and facilities due to the fact that many other stations also sought to acquire antennas from Dielectric during the same time frame in order to meet the Commission's July 1, 2005 deadline, as well as by the fact that the weather in Maine (where Dielectric is located) during the past spring was "all rain," thus impeding Dielectric's ability to test antennas outdoors.

As a result of these unforeseen circumstances, which were entirely beyond WDJT's control, Dielectric was unable to deliver WDJT-DT's new antenna as agreed and as scheduled. Instead, the antenna was not delivered until very recently – June 24, 2005. At present, also, Dielectric has not yet delivered an internal wave guide section for use in attaching the transmitter to the transmission line. The delivery of this necessary piece of equipment is currently expected to occur on or about July 7, 2005. As a consequence, although WDJT has worked diligently, since receipt of the antenna, to complete installation of the antenna itself, it will not be possible to complete the full installation process prior to the July 1, 2005 deadline. A waiver of that deadline is therefore requested. WDJT anticipates that it will be able to complete all necessary work and to place the antenna into operation within a comparatively short time frame, but a six-month waiver of the July 1 deadline is requested simply in case any unanticipated difficulties should arise during the installation process.

For the same reasons, WDJT also requests a six-month extension of WDJT-DT's current STA to operate at reduced power.

Should any additional information be desired in connection with this request, kindly contact the undersigned.

Sincerely

A handwritten signature in black ink, appearing to read "Brian DeBoice", with a long horizontal flourish extending to the right.

J. Brian DeBoice

cc: Shaun Maher (by Hand Delivery)
